**RE: NESTLE INFANT NUTRITION PRODUCT RECALL - NAN SPECIAL PRO HA 0-12 800g**

The above subject matter refers.

Nestlé has announced a product recall of NAN Special Pro HA 0-12 800g, in certain countries. Based on the available traceability systems, the only product affected in the East and Southern Africa region is one batch of Speciality Infant Formula, currently manufactured in Germany. This product has only been distributed to South Africa, Eswatini and Namibia. In South Africa, the only impacted product is NAN Special Pro HA 0-12 800g with the following details.

- Batch Number: 51660742F3
- Best Before: 15 December 2026
- Date of Manufacture: 15 June 2025
- Shelf Life: 18 months

**Based on the alerts received you are advised to ensure that your officers on the ground and ports of entry are on the lookout for the named products, take them off the shelves and record the quantities and descriptions of the affected products before they are returned to the manufacturer.**

  
Dr A. J. V. Maunganidze
